The people of
Guyana, South America*

September - October 2015

Dear Pastor and Praying Friends,

Vacation Bible School at Bible Baptist Church went really well. Many church members came out to help us again this year. There were 158 children in attendance and 58 salvation decisions. VBS in Queenstown went well also with about half that many in attendance. There were 50 salvation decisions from this VBS. Several of Queenstown Baptist Church's new converts helped to make this young church's first VBS successful.

We are in the process of restructuring the Sunday School at Bible Baptist Church in Bush Lot. Please be in prayer for the need of faithful teachers. Also be in prayer for our attendance as it is down a bit. We have found this to be typical with the ending of summer and beginning of the new school year. There have been 156 salvation decisions, other than those saved at VBS. Bible Baptist Church continues to meet under our carport. Please continue to pray for property and building for this church. We are trusting God to meet our needs.

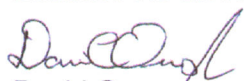

Queenstown Baptist Church is doing well and this young church continues to grow. We are filling all the benches we have and the facility we currently rent. As soon as funds permit we need to make more benches and to build on the church's new property. The church has a Hospital Visitation ministry that sees many saved each week. Some of those visited have come to the church in Queenstown and the church in Bush Lot. Some who have been saved live in far outlying villages and we may have never crossed their path if it had not been for this ministry. Please continue to pray for this young church and its ministries.

As you know we have been looking for a place in Charity to start a church. We praise God that a piece of property in the Charity Housing Scheme has been donated for this purpose. To begin, our plans are to build a pavilion type building which later can be used to hold Sunday School as the church grows. Please be in prayer for the funds needed for this pavilion and a fence that would need to go around the property.

Please continue to pray for the following request:

- Souls Saved
- Strong, faithful men
- Workers for the ministry
- Property and building for the church in Bush Lot
- Funds for the church building in Queenstown
- Funds for a pavilion and fence in Charity
- * Approval of our work permits (visa) and extension of stay *
