Dear Preacher & the Church,

Loves & Greetings to you from the Lung Family Myanmar, ^ebelieved that you are in good health, we want you to know that continually we keep praying for you and the Church as we keep going on souls save for His Kingdom. Your faithful supports and prayers honors the Lord in spreading the Gospel of Christ in the land the Lord let us to establish (12) independent Baptist Churches in mountain areas, though they are few in number but are rich in faith, my heart rejoice for their standing position, more importantly every weekend they all go for soul wining and I'm glad for that impact. Our prison pastor brother Peter Tial Bik of former police officer captain is a great successful leading preacher that I ever have him, his ministries is something great and owesome, officially we get permission to share the Gospel in prison but our times are limitted, we try our best to reach out the needy people and use different methods to win people, God is at work and we could gave out more than 10000 gospel tracts and 200 NT Bibles in January 2012, our Christmas and New Year preaching services were just great and we had well done, these help us a lot in spreading the Gospel. It make sense a lot for the communities please continue to pray for us, our two children home (Agape & Faith) are growing well, in total there are 86 students boys and girls, When they finish their High School they will be trained for the same purpose, (Amen) will try our best in serving Him and keep remain faithful until He comes OK.

Please pray for under given lists -
