Bro. Richard Frimpong founded City Baptist Church a little less than one year ago. During that time, Bro. Frimpong has influenced Andy Kwarteng. For the last several weeks, Andy has been hosting a Bible study in his area of Afoso. Over 40 people have been coming. Bro. Frimpong and Andy are starting a new church in

City Baptist Church

that area this Sunday! The churches we have started are continuing the great commission by starting their own churches.

Lake Bosomtwe is located about an hour's drive away from Fundamental Baptist Church International. God is continuing to bless this area as another church is being planted. The yellow dots in the image represent the churches started so far. Our goal is to start

churches around the entire lake. The area has a population of over 70,000 people. Collins Agyei is pastoring the church in Adwafo, He has consistently trained and disciplined men to start more churches to reach the lost for Christ.
