Dear Pastor Hurst,

It is hard to believe that we are already into the new year. It seems that 2010 slipped away so rapidly for us.

At our age of nearly 72, health concerns seem to take up so much of our time. Except for significant arthritis problems, Faye's health is reasonably stable. We praise the Lord for that. David continues to battle headaches regularly. Most occur in the night. One doctor after another has given his opinion along with prescription medication and the accompanying side effects. We praise the Lord that we are able to get around although it is slowly. However, our health does greatly limit what we can do to serve our Him.

We would so much like to return to Albania, even for just a visit. But, so far, such a trip has been impossible. The church there continues to win, baptize and teach new converts. We are very thankful for this. Many who were our teen age and younger converts are now mature adults and are serving in the church. Several have children that they are rearing in the church

We also praise the Lord for our family. Our son is an assistant pastor, and our daughter's husband is a writer of Christian publications. Our five grandchildren are saved and living for the Lord.

Your prayer and financial help are so very important to us. Thank you for your friendship, for being faithful to our Lord and your continued support for our welfare.

Sincerely in Christ,

Dave and Faye Young
